Aligning ourselves with the Make in India initiative

Make in India is an initiative that was launched with the goal of encouraging national as well as multi-national companies to manufacture their products in India. It became an inspiring call to India's business leaders and an invitation to global investors to turn around the economic roadmap of the nation and move towards a brighter future. We at Simpolo, have taken that rallying call seriously, and reloaded our manufacturing facilities at Morbi, Gujarat to be able to contribute our bit to the Make in India initiative that will rebuild the nation in the years to come.

FROM THE CMD'S DESK

Dear Patrons,

A humble beginning from a small town in Gujarat, could not hold us back from making it big in the Indian tile and ceramic industry. Thanks to our strong belief in our quality products, all of which are a result of constant innovation and customer-centricity.

Now, a 800 crore group turnover company, our vision is to gain world wide recognition in the field of ceramic building products through research and innovation and bring enhanced lifestyle within the reach of every household. This vision trickles down to every stage of production, operations, marketing and customer relations at Simpolo. Our mission is to pursue best business practices with utmost integrity to make Simpolo the ideal organisation to work with, for vendors, channel partners, investors and employees alike.

Simpolo ushered in the new-age ceramic technology in India, revolutionising the very concept of tile usage, be it nano coated vitrified tiles to rendering them stain free, or pioneering large sized slabs (1200x800mm) to replace traditional marble, granite and other stones in the premium categories. The thickness of full body outdoor tiles was also one of the many firsts by Simpolo. With a range of avant garde products like SCS Marble, RockDeck, Double Charge etc., Simpolo always endeavours to meet the aspirations of the youth and the well-travelled modern populace of India who have wished for international products with unrivalled aesthetics and quality being easily available back home in India. At Simpolo, we are committed to bridging this gap through indigenous R&D and affiliation with international giants through licensing and joint ventures.

Every Simpolo tile is manufactured as per IS-15622 (2006) specifications and has been extensively used in some very prestigious projects of CPWD and Local PWDs, MES, and Housing Boards, IRWO as well as numerous PSUs.

A sizeable range of our sanitary ware is ISI marked as well.

Simpolo has led the industry from the front with its creative and innovative offerings in all segments of the ceramic market. It is my humble request to all my government patrons to consider the aspiring journey of Simpolo for brand enlistment. It will be a moment of honour and great pride to add another accomplishment to our list of approvals, and to back that up with many more in the future.

Warm regards,

Jitendra T. Aghara

Chairman & Managing Director
Simpolo Group

No. AAI/Member (Plg)/Tech-Inst/Preferred Makes/2020/P-153/51

28th Oct' 2020

TECHNICAL INSTRUCTION No.- 53

Subject: Procedure for listing of preferred makes for use in AAI works for Civil and Electrical Engg. Items.

On the basis of recommendation of the designated committee on "Standardization & uniformity of makes /products" to be specified in NITs for use in AAI works, the list of makes/ products to be specified in the tenders for project works was issued vide Technical Instruction No. **AAI/Member (Plg)/Tech-Inst/ 2019/P-153/15 Dated: - 12th Sep'2019.**

Consequent upon revision of **Annex-A1** pertaining to Civil items preferred makes and **Annex-A2** pertaining to Electrical items preferred makes, this Technical Instruction No.- 53 shall supersede the earlier issued Technical Instruction No. 19 dtd. 12.09.2019 & Technical Circular No. 06/2018 dtd. 23.10.2018.

The following criteria/ guidelines for selection of makes/ products shall be adopted:

1. The approved list of preferred makes issued by AAI from time to time shall be provided to PMC/Engineering Consultants by the concerned CHQ/ RHQ engineering officials for various works for their consideration in the NITs.
(Annex-'A1'&'A2')
2. Based on the above details provided, the PMC/ Engineering Consultant (appointed for a particular work) shall give their recommended list of makes to the engineering officials dealing the matter.
3. The Terms of reference of PMC/ Engineering Consultant for a particular work shall include the following:
 - To ensure that 'monopoly' for any item does not take place and recommend all equivalent acceptable makes.
 - To give due consideration to the makes/ vendors/products from approved list of preferred makes issued by AAI from time to time as well as CPWD.
 - To give recognition to BIS approved makes.
 - Preference shall be given to makes/ brands manufactured near the vicinity of site of work as well as their service center
 - Ease of availability of the make.
 - PMC/ Engineering Consultant may recommend any other make/ brand apart from the approved list of preferred makes issued by AAI from time to time, at the time of TS, to have the benefit of market intelligence.
 - The equivalent makes proposed shall be within the price range of $\pm 10\%$ as per Para 58.4.1(r) of AAI, Engineering Works Manual.

4. Thereafter, the recommended list provided by the PMC/ Engineering Consultant for a particular project shall be scrutinized by the concerned engineering officials considering the nature of project/ location/ time period/ past experience, etc. and shall seek approval from the concerned ED(Engg) for CHQ schemes and GM (Engg) for RHQ schemes. On approval of the above list, the NIT approving authority shall specify the manufacturers, in the tender document.
5. Thereafter, these make/ brands shall be forwarded to Committee Head for "Standardization & uniformity of makes/ products" for updating the AAI approved list of preferred makes.
6. (i) Concerned ED (Engg) shall have the powers to approve the makes/products for a particular project, case to case basis, at the time of TS, without formal enlistment, on merits of the case.

(ii) Project specific items, which are not covered in the list of approved preferred makes for Civil and Electrical Engg. Items may be considered with the approval of concerned ED (Engg) for CHQ schemes and GM (Engg) for RHQ schemes.
7. Where applicable, NIT approving authority shall give equal opportunity to local manufacturer's along with foreign make/ brands in the tender document to comply with GFR 2017. Technical specifications shall, to the extent practicable, be based on national technical regulations or recognized national standards or building codes, wherever such standards exist, and in their absence, be based on relevant international standards. Govt. of India guidelines for provisions for products/ companies covered under make in India policy & MSME policy to be given due consideration.

The above instruction may be brought to the notice of all concerned for strict compliance.

No. 10/W/O/Poilycy/Building

Date: 26/12/2016

Chief Engineer's Circular No. 630

Sub: Approved list of Brands/Makes for Civil (Building) works.

Building works are executed based on items given in Northern Railway's Unified Standard Schedule of Rates 2010. Many Non Schedule items are also used, as per the need. Products are used, of any make, based on the fulfilment of the specifications and criterion given in the description of the Schedule/Non-schedule items. It is however, observed that due to lack of information and at times due to insufficient knowledge, field supervisors permit use of less popular brands whose quality and other characteristics are not upto the mark, commensurate with the requirement. This results in frequent maintenance requirement besides poor aesthetics, strength, etc.

In the past, guidelines have been issued by CE/G for Works contract and Zonal contract wherein it has been mentioned that tender documents should indicate names of reputed brands (minimum 3 nos) for various items. However, the selection of brand/make was left to the discretion of the division.

It is therefore decided to circulate an Approved List of Brands/Makes for Civil (Building) works as Annexure-1. The list includes 95 items. This may be used in all future Tender Documents for Building related Civil works. This list may be appended/modified from time to time, by CE/P&D, as per need/feedback from field units and technical & performance evaluation of material.

This has approval of Pr. Chief Engineer.

Enclosure: Annexure-1
